# WELDBEND

"The New Standard for Welding Fittings and Flanges"

Weldy Weldbend's  
pledge of quality sez:

Weldbend has long been known in the fittings and flange field for providing the best quality and the best value. The name "Weldbend" means quality.

Weldbend pledges to use the highest grade and /or best quality steel and forgings in our lines of fittings and flanges.

Our "American made" line uses only top-quality steel from U.S. mills, forged into fittings and flanges at Weldbend's own plant in Argo, Illinois. For our other lines, we search worldwide for steel and/or forgings to maintain our high quality and our rate of production. Material Test Reports, which identify the source of the steel used, are always available, at no charge. We are proud to compare our fittings and flanges with any produced in the world.

All Weldbend sales are made solely in accordance with Weldbend's standard terms and conditions of sales, which are set forth in our catalog. Weldbend provides a catalog for the convenience of its customers in ordering Weldbend products.

**WELDBEND** We stand for value, quality, fair and equal pricing.

**WELDBEND fittings conform to ASTM A234, ASME SA234, WPB specifications and to ASME/ANSI B16.9, B16.28 specifications.**

**WELDBEND flanges conform to ASTM A105, ASME SA105 and to ASME/ANSI B16.5 specifications.**

*Prices are subject to change without notice*
